Updated February 2025

WELCOME TO GLACIER CANNABIS!

Greetings! Now that you're here reading our new Brand Book, you should know that **Glacier** is so much *more than just a name*.

We're a **passion-driven team** dedicated to crafting cannabis products that match the pure, *unyielding spirit of Michigan*.

Near our homebase of **Ann Arbor**, our mission is simple: deliver unparalleled joy and relief through **legendary cannabis products**, all while celebrating Michigan's rich horticultural heritage.

WHY 'GLACIER' CANNABIS?

Michigan's majestic landscape, sculpted by ancient glaciers, provides the backdrop to **Glacial Farms**, our **cultivation** epicenter. It's a testament to nature's powerful transformation abilities on our ecosystem.

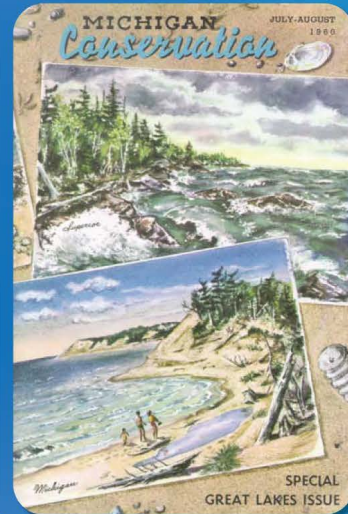

Reference: A Glacier Passed This Way by R. W. KELLEY from Michigan Conservation, Special Great Lakes Issue, July-August 1960, Vol. XXIX, No. 4: Michigan Department of Conservation, Lansing, Michigan.

GLACIER CANNABIS

Imagine millenia ago, **colossal ice sheets** carving out the majestic **Great Lakes** and leaving behind fertile soils, rolling hills & sparkling inland lakes. This **glacial artistry** has created a **paradise** for outdoor enthusiasts and a **treasure trove** for **agriculture**.

MICHIGAN'S LEGENDARY HISTORY

Our homage to this **legacy**? Mixing nutrient-rich **glacial rock dust** into our cultivation, endowing our cannabis with a touch of Michigan's **primeval essence**. With every **puff**, experience a refreshing 'Glacier Pure' finish, an ode to our state's **magnificent past**.

GLACIER CANNABIS

GLACIER PRIMARY VIRTUES

1. QUALITY

A high-quality product is paramount here. Glacier is committed to cultivating the highest quality cannabis, ensuring each product meets rigorous standards for potency, purity, and aroma. Every strain and product we offer is something we'd be proud to use ourselves!

2. PURITY

Clean team! Pure products are at the heart of what we do. Every release from Glacier undergoes rigorous testing to ensure it is free from contaminants, pesticides, and harmful substances. We pride ourselves on delivering clean, pure cannabis that you can trust, providing peace of mind with every purchase.

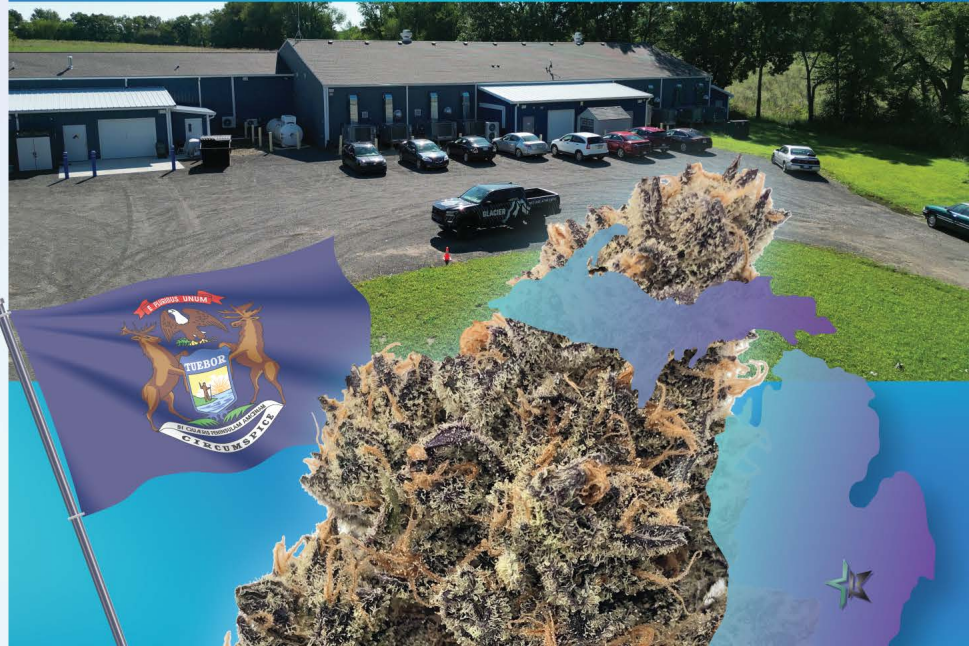

3. INNOVATION

Innovation drives us forward. From our unique strains to our cutting-edge cultivation techniques, Glacier is always exploring new ways to enhance the cannabis experience. Our special releases from the Peaks Series to the Polar Pack, Blizzard Bags, Snow Sacks, and more; all exemplify our commitment to bringing fresh, exciting products to the market.

GROWING LEGENDARY WEED

Our *innovative facility* an age-old horse barn, now boasts 17 rooms with 14 rooms for flowering specifically. Unlike *mass cultivators*, our **small-batch approach** ensures a keen eye on every plant, guaranteeing *optimal health* and *swift problem resolution*. This rolling harvest system keeps our supply fresh, diverse, and consistent.

CRAFTED WITH PRECISION

Post-harvest, each plant is given time to cure to **perfection**. Prioritizing integrity, we **hand-trim** our buds to preserve their potent *pristine nature*, protecting the oily *trichomes* responsible for the *distinct* flavors & effects. Our release of **Cold Snap** even set a terpene content record, proof of our unwavering commitment to high-quality cultivation techniques.

Transitioning from **Michigan's caregiver system** in 2019 to the *commercial cannabis* frontier, we've infused years of *hands-on* expertise into every bud we grow. As caregivers, our roots lie **deep** in the understanding of the plant's *therapeutic potential*. We believe in cannabis that we would smoke ourselves, ensuring that our standards are as **high as your expectations**.

Across this *beautiful state* full of amazing people, the breadth of our clientele is vast - from **musicians to mothers**, athletes to artists. Everyone has a *unique story*, and our commitment is to **enrich those narratives**, providing solace from pain and **enhancing the beauty** of everyday moments.

GLACIER 2024 PRODUCT LINE-UP

At the heart of our products is our *pristine & potent* flower. This is our world of **legendary genetics**! Our ultra-clean **exotic & exclusive buds** are available in a huge variety of *styles, strains, sizes & consistencies*.

We cater to every type of *toker*, whether that's a **soccer mom** looking for a quick way to roll **super frosty joints** during their busy day or a **connoisseur** looking for a **gigantic, terpy nug** of their favorite strain to celebrate a new achievement, or just a typical *toker* who loves quality herb without breaking the bank, Glacier Cannabis truly has **something for everyone**.

GC is deeply committed to the art and science of growing in *small batches*. Each **handpicked flower** blooms indoors within the *nurturing environment* of our **small-batch grow rooms**. We consciously limit the quantity of each run, making them *ideal* for nurturing the nuanced growth of our plants. We believe in putting **quality over quantity**, a philosophy that **sets us apart** from large, corporate cannabis operations.

HAND-TRIMMED LEGENDARY FLOWER

Each **Glacier** growroom houses a **single strain**, ensuring a carefully controlled environment tailored to the **specific needs** of the strain in terms of *temperature, humidity, light, and nutrient feeds*. This approach allows us to **optimize the growth** and traits of each strain, making each bud a refined, unique masterpiece.

Our masterful *planning and growing process* have enabled us to implement a **rolling harvest** system across our many double-tier, small-batch grow rooms. With our system, we are able to harvest a room **every 5 days**. What does this mean for our customers? It guarantees a constant supply of *fresh, high-quality* Glacier Cannabis flower, delivering a **consistent experience** that's always potent & reliable.

EIGHTH PRE-PACKS (3.5G)

Glacier pre-packs contain contain hand-trimmed buds that are Grade A! This symbolizes our *unwavering commitment to **quality & precision*** in Glacier's priority selection and preparation of our truly special & sacred cannabis plant.

Each **legendary eighth** contains 3.5 grams of hand-selected and carefully trimmed premium buds. This professional process **guarantees consistency**, which is paramount in ensuring customers receive the same *high-quality* experience every time they choose a **Glacier Cannabis** pre-packed 8th of any strain.

These qualities underscores Glacier's *commitment to consumers* by ensuring a consistent, **top-tier experience** with every purchase. By opting for a **Glacier Eighth**, customers are choosing a product that stands out in the *competitive cannabis market*.

THE GLACIER PEAKS SERIES

At the heart of our craft cultivation lies **the Peaks** series, epitomizing Glacier's commitment to unmatched **quality**. Available in several strains, we *innovate* to bring you only the *best*! When you need big nug, **reach for a Peaks!**

PEAKS (5g)

Features one *pristine 5-gram nug*, each jar a testament to the *care and expertise* that goes into every single **Glacier product**. Perfect for the *connoisseur* to the *novice* alike, these nug are **hand-selected** & carefully trimmed to preserving quality, terpenes & potency.

TWIN PEAKS (7g)

Two **gigantic nug**s, 7 grams total, prepared with the *care and expertise* that defines every Glacier release. Grown by weed experts, **trimmed by hand**, and *cured to perfection* in **glass jars**, preserving each strain properly every time.

PEAKS XL (8g)

Stand out in a world of *usual buds*! **GC's Peaks XL** offers an actual **top cola** from a plant that represents the *zenith* of cannabis cultivation. *Sometimes size DOES* matter! Great for making a **huge, frosty impression** or treating yourself.

GLACIER'S POLAR PACK (14g)

Here at **Glacier Cannabis**, we're super excited to share with you one of the *latest marvels* from our innovative product line – **the Polar Pack!**

Tailored for those who *relish the grandeur* in their greens, each re-sealable jar holds **half an ounce** of our most *colossal nug*s! These safe, durable tubes are great way to make a **GIGANTIC IMPACT!**

Join us in celebrating the **spirit of Michigan** and the *art of craft flower* with a Polar Pack – **a perfect embodiment** of Glacier's commitment to farming excellence, purity, and an ethos of *local loyalty*.

Available in a variety of strains, get ready to lose yourself in the **frosty, clean, & powerful world** of new releases at Glacier; where every *humongous nug* tells a story of **passion, precision & pride**.

GLACIER'S SNOW SACK (28g)

Imagine a world where the *convenience of pre-ground* meets tactile pleasure of breaking up small buds: Get ready for the frost because **Glacier's Snow Sack** brings this vision to life. Each one-ounce bag is filled with **small, perfectly sized buds** that are ideal for those who cherish the tactile joy of breaking up their own buds *but also want to save time.*

Feel the dankness, relish the aroma, and enjoy the ease of packing a bowl or rolling the perfect spliff to carry wherever you go. Snow Sack is about preserving the ritual of cannabis consumption without sacrificing unnecessary time, quality or convenience.

GLACIER'S BLIZZARD BAG (7g)

There are times when an 8th prepack *simply doesn't cut it.* Enter the **Blizzard Bag**. We offer your favorite strains in a substantial 7-gram package that ensures you won't run out when you need it most. *And the best part?* We've scaled the price to make sure you get **more bang for your buck.**

With Blizzard Bags, you're not just stocking up on bigger quantities of our **legendary flower**; you're investing in more *moments*, more *relaxation* & more *enjoyment*, all while keeping your *budget* in check. Glacier products give you the **freedom** to choose what's *right for you.*
